There is no change to the investment objective and strategy nor to the <investment and administration fee/Management fee> you pay, which were all recently reduced as notified in our letter to you earlier this year. If you would like additional information on the fees and costs, please visit www.resolutionlife.com.au/feesandcosts.

You do not need to do anything. This letter is for your information only.

We have made these changes advised in this letter following a careful review and substitution of the underlying investment managers with the aim of delivering improved investment performance, ongoing value and benefits of scale.

As part of managing your investments, we regularly monitor the options and underlying managers and make appropriate changes. This happens without prior notice for things like terminating investment options or underlying managers.

You may review and/or switch your investment options at any time using 'find a form' on our website, emailing or calling us. In some cases a switching fee may apply. For more information please refer to your specific product documentation.

For a list of all available investment options please refer to www.resolutionlife.com.au/performance, and select your investment type and <PRODUCT NAME> from the drop down box and click on the Investment report.

We will communicate significant changes to you. Regular product updates can be found online at www.resolutionlife.com.au/productupdates.
