Products issued by AIA Australia Limited

PRODUCT UPDATE

Issue date: 19 April 2022

Renaming your investment options

We are renaming some or all of your investment options to better align with their underlying investment strategy and industry standards. From 28 May 2022, the following options will be renamed and will be reflected in your next Annual Statement.

To see if your investment option is impacted you can simply follow the below steps:

Step 1	Obtain your investment option name. This can be found in the <i>Investment details</i> section of your latest annual statement.
Step 2	Search for your product in the first column of the table listed below.
Step 3	Find the investment name that you obtained from Step 1. If the option name is not listed in the table, no change was made to the option name.

Table of investment option name changes

The table below lists the investment options for each product that have had a change in name. If your investment option is not shown, there is no change to the name for that investment option.

Product name	Option code	Previous option name	New option name
Allocated Annuity	AAMG02	Managed	Growth
Business Super Bonds	BB	Balanced Fund – Business Super	Balanced
