

Annuity Tax Guide to help you complete your 2023-2024 tax return

This guide will help you to complete your 2023-2024 tax return if you received annuity income relating to your investment(s) in Lifestream Guaranteed Income, Guaranteed Index Tracked Annuity (GITA), Income Plan, IncomeSelect, Tailored Annuity Plan, Tooth & Co annuity or Immediate Annuity – ex-Staff Fund.

To use this guide, you will need:

- Your PAYG payment summary and the payment summaries from any other income sources;
- A copy of the Tax return for individuals 2024 form; and
- A copy of the Individual tax return instructions 2024.

You may wish to give this guide to your accountant or tax agent.

Unless otherwise stated, information in this tax guide is current as at 1 July 2024.

Please refer to the Tax return for individuals 2024 form and follow the instructions below for items 7 and T2.

Item 7

Australian annuities and superannuation income streams

This will assist you with completing item 7 of the 2024 tax return relating to super and non-super annuities.

Action

Add up the 'tax withheld' amounts on your payment summaries for your superannuation income streams and annuities.

Write the total in the left hand column under Tax withheld at item 7 .

Australian superannuation income streams

It is important to understand whether your superannuation income stream is a capped defined benefit income stream (CDBIS) or not. If it is a CDBIS, you will be advised of this in the cover letter attached to your payment summary. If you are unsure whether your annuity is a CDBIS, please contact us. If you hold other superannuation income streams, please contact that superannuation provider for classification.

Non-capped defined benefit income stream

Add up the taxed element amounts that appear under the heading 'Taxable component' on your superannuation income stream payment summaries.

Write the total in box \mathbf{J} at item $\mathbf{7}$.

Note: Resolution Life super annuities will only have the 'Taxable component – taxed elements' to declare as assessable income.

Capped defined benefit income stream

There are a number of steps required for a CDBIS to determine the amount to include in your assessable income:

Step 1: Add up the taxed element that appear under the heading 'Taxable component' and 'Tax-free component' on your superannuation income stream payment summaries.

Step 2: Subtract from this amount your defined benefit income cap. If you are unsure what your defined benefit income cap is, please refer to https://www.ato.gov.au/calculators-and-tools/super-defined-benefit-income-cap-tool

Step 3: If the amount after step 2 is zero or negative, do not include any amount in your income tax return. If the amount after step 2 is positive, divide this amount by two.

Step 4: After dividing the amount by two, write the total in box M at item 7.

Australian non-super annuities

Work out the assessable amount of your Australian nonsuper annuity by subtracting the 'Deductible amount of the undeducted purchase price of an annuity' from the 'Gross payments' shown on your payment summary.

If you have more than one non-super annuity, add all the assessable amounts together and subtract all the 'Deductible amount of the undeducted purchase price of an annuity' from the payment summaries. Write the total in box \overline{N} at item $\overline{7}$.

Things you should know

Taxation considerations are general and based on present taxation laws and maybe subject to change. You should seek independent, professional tax advice before making any decision based on this information. Resolution Life is also not a registered tax (financial) adviser under the *Tax Agent Services Act 2009*.

You should seek tax advice from a registered tax (financial) adviser if you intend to rely on this information, to satisfy the liabilities or claim entitlements that arise, or could arise, under a taxation law.

Item T2

Australian superannuation income stream

If you have shown income from an Australian superannuation income stream at item 7 on your tax return, you may be entitled to a tax offset.

Action

We have worked out the tax offset amount for you and it is shown on your superannuation income stream payment summary under 'Tax offset amount'.

If you have more than one superannuation income stream, add all the tax offset amounts together.

Write the total in box S at item T2.

Note: This section does not apply to Australian non-super
